tuation at Lods.

Poland, Oct. 31.—The are grown worse hourly. The ion ordered to fire on the destroying their cities by the air. The shops are closed, and those whose owners refuse to shut up are destroyed. Crowds are busily engaged in tearing down Russian flags which were displayed by order of the police.

Bands of peasants in the government of Suwalki are destroying the government alcohol stores.

No Sign of Abatement.

Warsaw, Russian Poland, Oct. 30.—Noon.—The excitement in the streets shows no sign of abating. Every now and then the crowds overturn a street car with the object of stopping traffic, but no serious conflicts have thus far occurred. The police are trying to induce the shopkeepers to reopen their shops, threatening to fine them if they do not do so, but the merchants are between two fires, since the Socialists promise to smash their windows if the shutters are taken down.

ROOSEVELT NEARING HOME.

Wireless Telegraphic Communication With Warship West Virginia.

Norfolk, Va., Oct. 31—According to a wireless message received at the Norfolk navy yard, the cruiser West Virginia was at 10 a. m. 50 miles south of Cape Hatteras. A strong northeast wind and heavy seas prevail. She was not expected to make the capes for ten hours.

The weather off the coast yesterday and last night was bad, and the wind was very high. There was no weather bureau report this morning from the Hatteras station, as the wires all went down in the storm, and no messages could be transmitted to or from Norfolk.

It was explained at the local weather bureau that any wireless messages received at Hatteras from the president would have been sent to Norfolk immediately, but for the prostration of the coast service. It was stated from the office of the commandant of the Norfolk navy yard this morning that nothing had been heard there from the president's yacht Sylph having aboard Mrs. Roosevelt and children, who left Washington on Saturday last. It is thought here that the Sylph may be in Lower Chesapeake bay awaiting the arrival of the president on the West Virginia.

TO DO AWAY WITH RED TAPE.

Work on Panama Canal Will Be Done by Business Methods.

Washington, Oct. 31—The criticism of former Chief Engineer Wallace, of the isthmian canal, the work was handicapped by official red tape, which prevented the speedy delivery of supplies, has caused considerable discussion in the executive departments, where the work is being looked into by the Keep commission.

"Wherever the government is handicapped by its ancient customs we shall modrenize it by better business methods," said Chairman Keep today. "We do not find so much duplication of work as we do a multiplication of work. It is impossible to operate the business of the government after the fashion of private corporations, but there is room for better methods in many cases and the effort will be made to bring this about."

The Keep commission will make many suggestions, in its report to the president which the members think may result in abolishing practices that hinder instead of help. The changes that may be determined upon, it was said today, could be effected through an executive order or by the direction of the heads of departments, without recourse to congress.

Awful Act of Insane Man.

Richmond, Va., Oct. 31.—W. D. Coker, who cut the throats of his wife and two small children, went to the home of R. E. Gressett, 2 miles away hid under the steps until Gressett came out, when he fired into his body, killing him, in the presence of Gressett's wife, who pleaded piteously for her husband's life, was evidently insane from grief over some imaginary or real disgrace which he thought overshadowed his family. He left a note in which he implied that he killed his wife and children to save them from disgrace, and gave the name of Gressett and his brother Jack, as the ones of his enemies.

SEVERAL PERSONS KILLED IN WRECK

The California Limited Meets With Serious Accident.

NUMBER OF DEAD NOT KNOWN

Relief Trains Were Immediately Dispatched to the Scene—The Dead and Wounded Were Pinioned Under the Cars—Caused by Broken Rail.

Kansas City, Oct. 31.—The Atchison Topeka and Santa Fe passenger train No. 1 from Chicago, due at Kansas City at 10:30 this morning, was derailed near Sheffield, 5 miles east of Kansas City.

Several persons were killed and a number injured. The number of killed is variously estimated from four to eleven, while over 20 persons are said to have been injured. The injured will be brought to Kansas City.

The wreck ocurred at 10:15 this morning.

The accident happened at what is known as Rock Creek, where the Santa Fe tracks cross the tracks of the Missouri Pacific on a trestle. It is stated that the train was derailed by striking a broken rail, and that the entire train went down the embankment.

The wrecked train was the California Limited, one of the heaviest and fastest in the service. It left Chicago at 10 o'clock last night, and was composed of regular coaches, chair cars, tourist sleepers and Pullman sleepers. Relief trains were sent from Kansas City to the scene shortly before noon.

The scene of the wreck was in an out of the way place, and delay in getting relief to the scene was experienced.

Up to 12:15 the relief train sent from Kansas City had not reached the town of Sheffield, and the dead and wounded were still at the wreck.

At that hour the number of dead was placed at eight.

A heavy rainfall added to the difficulties experienced by the rescuers.

WILL SEEK THE NORTH POLE

Expedition to Start From Alaska to Explore Country.

Seattle, Wash., Oct. 31.—Dr. Antoine Varticle, projector of the International polar institute, which proposes to send a party of the best known "mushers" of the Klondike country, an expedition to the north pole, reached Seattle today from Dawton.

To the correspondent of the Associated Press Dr. Varicle said his proposed party would leave Seattle next January, if his expedition could be organized by that time and proceed by boat to the most northeasterly point of Grand Land, where a basis of supplies or post of departure would be established to await the most favorable time for the dash to the unexplored country.

Dr. Varicle says that if the expedition is a success the party will pass entirely across the explored country after taking observations and securing information of a scientific nature in the vicinity of the north pole, and then come out to Franz Josefland, at which point other expeditions made the bases of supplies.

Suicided in an Atlanta Hotel.

Atlanta, Oct. 31—With a bullet hole through his heart Carl Weston, of Albany, was found dead Monday by a chambermaid at the Aragon hotel. Weston is supposed to have shot himself some time during Sunday night Weston was about 33 years old. No cause is now known for his suicide. The chambermaid went to the room occupied by Weston and knocked. Not failed to get on answer and reported the matter to the office. An examination was made and Weston was seen lying in the room. An officer was called and the door forced open.

Snow in the Northwest.

Omaha, Neb., Oct. 31.—The first snow of the season in eastern Nebraska began falling today. Dispatches from Kansas City and other points report that the snow and sleet is general throughout this section.

POOR FOOD CAUSED MUTINY.

Crew of Ship Refused to Work Because of Scarcity of Rations.

Seattle, Wash., Oct. 31.—The British bark Dundee, Captain James Stephens, arrived yesterday. The vessel sailed from Bremen, Germany, March 4, bound for Seattle. In June when the vessel attempted to sail around the Horn, ten of the crew of the were laid up sick and worn out from their work and poor food. Heavy gales forced the ship back and after beating around the cape for a week with only three able bodied men, the other sailors forced the captain to put about and run for Capetown.

Before reaching that port the sailors recovered to some extent and the captain refused to land. In the straits of Sunday on July 8 the crew mutinied. The sailors drew knives and forced the officers to seek protection in their cabin. The officers secured guns and subdued the sailors, taking their knives from them. They refused to ship, and had a narrow escape from drifting onto the rocks.

In Batavia the crew was placed in irons. Coolies were shipped and the vessel was navigated to Singapore where the sailors were tried for mutiny. Part of the number was sentenced to 11 weeks' imprisonment and the rest to nine weeks at hard labor.

The men contended that the poor food and the brutal treatment of the officers had forced them to mutiny.

CHINESE ATTAC KAMERICANS.

Admiral Train and Son Are Roughly Handled While Hunting.

London, Oct. 31.—A dispatch to the Evening Standard from Shanghai says that Admiral Train, commander of the American Asiatic squadron, and his son, Lieutenant Train, have been the victims of a savage assault by Chinese outside of Nanking.

The American officers were pheasant shooting when the admiral acidentally shot a Chinese woman, slightly injuring her. Hundreds of villagers there upon surrounded the officers, took away their guns, knocked the admiral down in the mud and held Lieutenant Train as a hostage. Forty American marines landed as a rescue party and were attacked by a mob of Chinamen who tried to pitchfork the officers.

The marines were obliged to fire twice. The Chinese officials refused to restore the officers' guns and supported the villagers.

Nanking has been active in the movement for boycotting American goods, and is the center of activity on the part of Japanese students.

Municipal Lighting Ready.

New York, Oct. 31.—Municipal lighting of public structures will be a reality tonight. When darkness closes in about the new Williamsburg bridge thousands of electric lights will be made to shine out for the first time by an electric current generated at the city's plant and where the tons of refuse fathered by the department of the street cleaning will be the fuel. A dozen powerful currents will be able to furnish light not only for the great bridge, but for seven school houses in the district surrounding the Manhattan end of the structure.

Will Meet British Squadron.

Norfolk, Vt., Oct. 31.—The two battleship divisions of the North Atlantic fleet, under command of Rear Admiral Robley Evans, sailed today for Annapolis, where they go to prepare for a reception to the British North Atlantic squadron under command of Prince Louis of Battenberg, due in Annapolis in the next few days.

The vessels which proceeded to Annapolis are the battleships Kentucky, Kearsarge, Alabama, Illinois, Missouri, Iowa, Maine and Massachusetts and the gunboats Mayflower and Yankton.

Narrow Escape From Cremation.

Raleigh, N. C., Oct. 31.—Three persons were seriously injured, one of them subsequently died, and a dozen others had narrow escapes from the flames in a fire that destroyed the priest's house at Nazareth orphanage, a Catholic boys' institution, 3 miles from Raleigh, early this morning. The fire broke out in the early morning and spread rapidly. Three people jumped from the second and third story windows.

END OF EPIDEMIC IN CRESCENT CITY

The Current Week Will See the Finish of Yellow Jack.

THE FIGHT IS PRACTICALLY OVER

After One of the Hardest Struggles of Science Against Plague the Authorities Announce Positively that Science Has Won

New Orleans, Oct. 31.—In the present condition of affairs it is expected that the current week will see the end of new cases of yellow fever. The number of cases under treatment has fallen to 28 and comparatively few active foci remain. Business is rapidly assuming normal proportions, and the streets are filling up.

Chairman Charles C. Janviers, of the Citizens' committee, believing that the struggle practically over, has gone east for a month. Mr. Janvier's report shows that with $60,000 received from the state, the total money available here for conducting the fight was $260,184.81 of which $215,474.47 was expended, leaving $44,710.34 in bank to wind up the campaign. The balance remaining at the end, which will certainly exceed $50,000, will go to the isolation hospital. It cost $26,625 to maintain the Emergency hospital during the epidemic. The biggest item of expense was labor, for which $137,185.60 was spent.

Dr. Roger Post Ames, of the United States army, who remained here all through the fever, having charge of the protection of the barracks against invasion and who gave much of his time to fighting the fever in St. Bernard parish, has gone to the forts downs the river, where he will do duty. The Fourth and Ninety-first artillery, which were cooped up for nearly three months, have also been removed to the forts, where they will spend several weeks in artillery practice.

A new case of fever has been reported at Bayou Natches, in Natchitoches parish.

It is the first in a month, however. There has been frost in Natchitoches, more of it is expected, and no alarm has been created by the sporadic recrudescence of the fever. Quarantine there will not be restored.

Governor Blanchard and party have returned to Baton Rouge. The governor before he left looked deeply into the work here and expressed himself as believing that it could not possibly have been done better.

"A festival held yesterday for the benefit of the new isolation hospital by the commercial travelers netted a considerable sum of money. It is expected that about $75,000 will have to be spent in putting up a model institution. The additional money needed over the amount saved from the fever fund will be raised by entertainments and private subscriptions.

Baton Rouge has suspended the fumigation of all freight cars, and the city of Shreveport is preparing to remove all quarantines so that her complete train service may be restored.

Girl Shoots Her Lover.

Vevay, Ind., Oct. 31.—Stanley Ryan, a school teacher, aged 22, of Benning ton, was fatally shot by Jennie Moody at her house in this city. Excitement was high, and for a time threats of violence were made against the girl, notwithstanding she claimed the shooting was accidental. Ryan said he did not know whether the shooting was accidental or not. He declared Miss Moody threatened to shoot him two weeks ago if he stopped going with her.

Break in Main Causes Death.

Chicago, Oct. 31.—Three lives were lost, property valued at $150,000 was destroyed, scores of families were made homeless and freight traffic on the New York, Chicago and St. Louis railroad was delayed for several hours on account of the breaking of a three foot water main at Eighteenth and Clark streets. Water from the burst ing water pipe flooded several blocks, damaging a number of business houses and residences.

COTTON OUTLOOK IN GAINESVILLE

About 500 Bales Ginned So Far the Present Season.

MR. ROBINSON CONFIDENT

While Cotton Crop Is Reported Short Throughout Entire Belt, He Has Turned Out This Season as Many Bales as Last During Same Period.

While the cotton output of the ginnery of H. F. Dutton & Co of this city has not been as good as was supposed early in the year, Manager Robinson of that department is confident that everything will turn out well at the end, and feels no hesitancy in stating that, before the end of the season, the crop will come up full with last season.

The Dutton ginnery, which is really one of the largest and most extensive plants of the kind in the Sea Island belt, has not worked a full force for the past two or three years, the condition of the crop not warranting the same. The plant has ginned so far this season about 500 bales, which is almost equal to that of the same period last year, and Manager Robinson believes that before the season is over there will have been turned out 750 bales, which will be as many as ginned last year.

The cotton season for the past two or three years has been earlier than for the preceding periods. This is due largely to a suggestion from Manager Robinson, who has studied the situation carefully, and who is one of the best judges on cotton, its cultivation and its marketing, in the Sea Island district. The farmers were for many years confronted by adversities and conditions resulting from a late crop. Mr. Robinson suggested through The Sun an earlier planting, which was generally followed by the planters. His suggestion has proved correct insofar as the health and maturity of the plant was concerned, but the early weather conditions have been bad, and the plant has not borne as prolificly as was anticipated under the new rule of planting. However, there has yet been no test of planting at an early period, the conditions being poor. It will yet be proven, as by Mr. Robinson's suggestions, that early planting will not only mean an earlier market, but a more prolific yield, and positively a better grade.

Old Residents Go Wrong.

Mr. and Mrs. E. W. Millican of Waldo drove to this city yesterday, and although Mr. Millican has made the trip many times in the last 10 years, a circumstance happened to this happy couple that was decidedly humorous. He was coming to the city on business, and Mrs. Millican came to see the dressmaker. Evidently the conversation must have been in regard to the new dress, as they have been married upwards of 15 years. However, it was so absorbing that when they appeared with their horse and buggy in the midst of a negro settlement with new scenes to them both, they realized that they had taken the wrong road.

On inquiry it was learned that they were lost in the woods, and going in an opposite direction to Gainesville, and they did not realize "where they were at" until they struck the rock road just east of the city. Mr. Millican will blaze the trees on his next trip.

Meeting of Bond Trustees.

A meeting of the bond trustees on the educational issue of $50,000, through whom the educational bonds were floated a few days ago, as announced in The Sun, held a meeting Tuesday for the purpose of ratifying the purchase and delivering the bonds to the First National Bank and the banking house of H. F. Dutton & Co., the purchasers.

As has already been stated, the respective firms purchased $25,000 each, for which they paid 101½, payable in ten, twenty and thirty years, bearing interest at 5 per cent.

The board of trustees is composed of E. Baird, J. S. Bodiford and C. Matheson.

Was Adjudged Insane.

Lee Young is the name of an unfortunate young negro man who was brought to this city from Wade Tuesday, and later in the day was adjudged insane. Drs. ———— and ———— and W. G. Richardson served as the examining committee. The unfortunate man will be taken to the State hospital for the insane.

A QUESTION OF COST.

In any number of stores you'll see various preparations of cod liver oil at as many different prices. You'll wonder, perhaps, why Scott's Emulsion costs more than some other kind in as large a bottle. Hearing only one side of the question you may be led into buying the "just as good as Scott's" at the lower price. That's false economy. Scott's Emulsion costs more because its more expensive to make. Every ingredient is tested and guaranteed of the purest quality. No adulteration, no shaving of quality. There's no economy in bargain medicine. If you can afford to experiment with your health, substitutes may satisfy you. We take it, however, that you want a pure preparation, a reliable remedy and something that's going to help you. That's what you get in Scott's Emulsion. Thirty years the standard.

SCOTT & BOWNE, 409 Pearl St., New York.

THE YELLOW FEVER.

No New Cases and Only a Few Deaths Reported.

Pensacola, Oct. 31.—Up to noon today two deaths and no new cases were reported. Total cases yesterday were six, with no deaths.

Total number of cases to date, 538; total deaths, 79.

At New Orleans.

New Orleans, Oct. 31.—There was one new case up to noon and no deaths. Yesterday there were four new cases and no deaths.

Total cases to date, 3,394; total deaths, 444.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Suicided Because of Age.

Indianapolis, Ind., Oct. 31—Captain James G. Wright, 85 years old, killed himself by firing a bullet into his brain today. For more than a half century he was prominent in business circles in southern Indiana. Wright had been a steamboat captain, in charge of the boats plying the Ohio and Mississippi rivers. He had grown despondent and killed himself because he thought he was living too long. He was a man of wealth, having been at different times a banker at Madison, Ind. and Fort Worth, Tex.

"I Thank the Lord!"

Cried Hannah Plant of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at all drug stores; 25c.

Mount Vesuvius Getting Active.

New York, Oct. 31.—A correspondent cables the World from Naples, as follows: "I am informed by the director of the Mount Vesuvius observatory that there have been constant explosions from the crater of the volcano since Saturday night. The explosions, increasing constantly in violence, are now occurring at half-minute intervals, and they have again shattered the cone of the summit and caused a latteral fissure, which is pouring in a constant stream of incandescent lava."

WHITE MAN IS BLAMED.

Booker Washington Says Caucasians Are Cause of Race Troubles.

Chicago, Oct. 31.—Booker T. Washington, in a speech at a mass meeting yesterday at the First Regiment armory in connection with the national convention of Negro Baptists, blamed the white man for the existence of a race problem in Africa. He declared it was created by "not allowing the black man in his native land to ride on passenger trains, but forcing him to ride in freight cars."

Continuing Booker Washington said: "The European nations almost have taken Africa from us. I am not discouraged when I hear your reports. Sending missionaries to Africa shows an advanced step for progress and intelligent peoples send out missionaries. Did you ever hear of a Chinaman or an Indian sending out missionaires? You are not only sending to Africa the Bible, the spelling book and the gospel but you are uniting the people."

The convention will close today. Los Angeles was selected for the next annual meeting.

$5,000 Express Package Missing.

Helena, Mont., Oct. 31.—The contents of a $5,000 Northern Express package sent from Hamilton, Mont., to New York, are missing and as a result the express company has several of its detectives engaged in trying to discover what became of the money. The money was shipped by Charles F. Kelly to N. H. Harris & Co., for investment. Instead of receiving the securities he had purchased Kelley was dumbfounded to receive a letter stating that the contents of the package upon receipt by the New York firm consisted of newspaper clippings. The seals were intact, however.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

A Bit of Human Nature.

A man who sells cut flowers at a stand downtown was waiting for trade the other afternoon when a newsboy, dirty and ragged, came running up, says the Kansas City Times.

"Say," said the boy, "whot's the price uf them red flowers?"

"Those carnations, you mean? They are 2 cents apiece," said the man.

"I'll trade you a paper for one," said the boy. The flower seller accepted the offer, and the boy ran away with his carnation. A few minutes later he returned.

"Say," he said, "I just sold a paper. Gimme another uf them red flowers. Here's the 2 cents."

The man at the stand handed him another carnation and accepted the pennies with a smile. As the boy started away the man became curious.

"Say, kid," he said, "what you going to do with those flowers?"

The boy took a better hold on his papers. "Give 'em to the ol' lady," he said. "She's sick in bed."

Then he left on the run, yelling: "Pape! Pape! All about"—

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive, as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

They Were Crocodiles.

Two or three species of birds are known to accompany the crocodile whenever he appears above water. Many a hunter has had his prospects for a shot spoiled by the alarm given to the reptile by his watchful attendants. When they see any one approaching they will fly at the crocodile's nose, giving loud cries, and the beast never waits to investigate, but instantly shuffles into the water at his best speed.

A Guaranteed Cure For Piles.

Itching, blind, bleeding, protruding piles. Druggists are authorized to refund money if PAZO OINTMENT fails to cure in 6 to 14 days. 50c.

Ask Your Own Doctor

If he tells you to take Ayer's Cherry Pectoral for your severe cough or bronchial trouble, then take it. If he has anything better, then take that. But we know his answer; for doctors have prescribed this medicine for over 60 years.

We have no secrets! We publish the formulas of all our medicines. J. C. Ayer Co., Lowell, Mass.

THE DOCTOR

Prescribed Vinol for the Son of a Prominent Clothier.

Mr. Leo G. Heilbrun of Decatur, Ill., writes: "It is a pleasure for me to endorse Vinol after what it has done for my son Herbert. He was in a delicate condition and had no appetite. Our physician suggested Vinol, and it has proved highly beneficial, building up his appetite, increasing his flesh and improving his health generally."

HERBERT HEILBRUN.

Druggist W. M. Johnson says: "There is nothing like Vinol for growing children. It makes new vitality, sound flesh and muscle tissue, and rich, pure, red blood, and many letters have been received from grateful fathers and mothers whose children owe their health, and even life, to Vinol.

"The reason Vinol is so far superior to all other tonics and cod liver oil preparations for children is because it contains, in a concentrated form, all of the strengthening, body building elements of cod liver oil, actually taken from fresh cods' livers, but without a drop of oil or grease, and it does not upset their weak, delicate stomachs like old-fashioned cod liver oil and emulsions, but is easily assimilated, and is so delicious that children all love it."

Continued Mr. Johnson: "We cannot recommend Vinol too highly for punny, weak and ailing children, to build up the run-down, overworked, tired and debilitated, or to give renewed vitality to the aged. So sure are we of what it will do that we cheerfully refund the money in every case where it fails" W. M. Johnson Druggist.

WEATHER REPORT.

Observations Made at Gainesville for the Month of October.

Following is the meteorlogical record as kept by J. P. H. Bell, special United States observer at Gainesville, Fla., for the month of October, 1905. Hour of observation, 7 a. m.:

	Temperature. Max.	Min.
October 1	88	71
October 2	88	71
October 3	88	69
October 4	88	70
October 5	82	69
October 6	85	70
October 7	85	70
October 8	81	70
October 9	84	67
October 10	85	70
October 11	89	72
October 12	82	44
October 13	72	50
October 14	80	55
October 15	85	60
October 16	88	65
October 17	87	69
October 18	85	65
October 19	86	70
October 20	88	68
October 21	88	62
October 22	74	54
October 23	78	51
October 24	78	55
October 25	80	58
October 26	85	62
October 27	80	60
October 28	75	58
October 29	76	60
October 30	76	56
October 31	68	57
Mean temperature for month	88	62

The mean temperature for the month was 78. Maximum, October 11th, 89; minimum, October 12th, 44.

Total precipitation for month, 2.77 inches. October 1st was the greatest precipitation in 24 hours, 105

Clear days for month, 14; partly cloudy, 4; cloudy, 15.

Thunder storms October 11th and 16th.

A Disastrous Calamity.

It is a disastrous calamity when you lose your health, because indigestion and constipation have sapped it away. Prompt relief can be had in Dr. King's New Life Pills. They build up your digestive organs and cure headache, dizziness, colic, constipation, etc. Guaranteed at all drug stores; 25c.

NEGRO ASSAILANT CAPTURED.

Black Brute Who Assaulted Mrs. Moore Is Apprehended.

Atlanta, Oct. 31.—The posse which has been chasing the negro who assaulted Mrs. Alice Moore last Thursday, caught him in a swamp not far from the Hemphill waterworks pumping station at 11:30 o'clock this morning.

The negro under arrest is believed beyond a doubt to be the black fiend for whom hundreds of men have been searching since the crime.

The negro spent Sunday night at the house of another negro near the Miller stock yards.

Early Monday morning he applied to the stock yards for work. The man to whom he applied, believing he was the negro wanted, gave him employment and immediately communicated with the police.

The negro at whose house he spent Sunday night heard that the police had been telephoned for and notified the suspect, who at once ran away.

In this flight he dropped a belt he had been wearing.

This belt was picked up by one of the posse in pursuit and was found to tally with the description given of the belt by the assailant by Mrs. Moore.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

Accidentally Kills Baby.

Memphis, Tenn., Oct. 31.—Reports have reached this city of a tragic accident which occurred at Raleigh, Tenn., 9 miles east of Memphis, in which a woman was shot through the eye and an infant killed. While loading a revolver, J. H. Harrison, a well to do gypsy, living at Raleigh, caused the weapon to be accidentally exploded. The bullet tore out one of his sister's eyes and penetrated the brain of a baby she was holding in her arms. The woman is not expected to live. Harrison is said to be crazed by grief.

Man's Unreasonableness

Is often as great as woman's. But Thos. S. Austin, manager of The Republican of Leavensworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured, and can now perform all her household duties." Guaranteed by all druggists. Price 50c.

Low Excursion Rates

To Macon and return via Atlantic Coast Line. Tickets on sale October 22nd to November 2nd, inclusive. From Jacksonville, $8.20; from Live Oak, $8.20; from Palatka, $9.20; from Gainesville, $9.10. For rates from other points call on agents of Atlantic Coast Line. Tickets limited to November 6th, 1905, and include admission to fair grounds. For Pullman reservations or any other information write Frank O. Boylston, District Passenger Agent, Atlantic Coast Line, Jacksonville, Fla.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

J. S. Bedford & Co., Special Agents

AT ST. AUGUSTINE.

Large, cool furnished rooms at Ocean View Hotel. Free bath. Light housekeeping privileges. Rates $1 to $2 per week, each room. Meals may be had next door. W. H. H. PINKHAM, Prop.

Cotton is Jumping!

Why Does This Interest You?

Because Homspuns, Ginghams, Calicos, Drillings, Ducking, Bleaching, Cambrics, Towels, Underwear and a great many Dress Goods—in fact 75 per cent of a dry goods stock—are made of cotton.

Cotton Advanced $2.50 a Bale in One Day!

It is still going up. Our Dry Goods were purchased when cotton was 6½ cents a pound. For three months the price of cotton has been 10 to 11 cents.

We are selling our Dry Goods today at from 10 to 20 per cent less than the factory price f. o. b.

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5 a year; $2.50 six months; $1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

Cuba furnishes a convenient market for all the cattle raised in Florida.

The French government will see that the people have a little protection from the idiotic auto drivers.

The laboring man is said to be in good demand in Cuba, yet few laboring men care to go there, unless they have a return ticket.

A Minnesota mill recently booked an order for half a million barrels of flour to be shipped to China. Must be the boycott has been lifted.

When the people of Russia ask the Czar for bread he fires a bullet at them. It is too bad the Japs could not have captured the beast and sent him to Siberia.

Should Hearst be elected on the municipal ownership ticket as mayor of New York, there will be a hustling among the active workers in the other parties.

There is no social equality among the people of the North regarding the colored race. There may be a few such cranks, but they are in a small minority.

New York is to have a ship canal across the State 260 miles in length, with a depth of 40 feet of water. It will also have it dug before the 40-mile Panama ditch has the various grafters satisfied.

The Presbytery of the Cumberland Presbyterian Church of Harrodsburg, Ky., has decided to give all eggs laid by their hens on Sunday to charity. Everybody knows that the good Presbyterian hen would not break the Sabbath by laying eggs.

The Macon Telegraph thinks that greed for the almighty dollar is having its weight in the jury box. It says: "By recommending murderers to mercy our juries are rapidly abolishing capital punishment in Georgia. They probably figure that a life or long term convict is worth about $260 a year to the State funds."

The Sun acknowledges an invitation to opening ball at the Tampa Bay Hotel, to be given on Tuesday, November 14th, 1905. If we fail to be present we will consider our regrets will be there. The Tampa Bay is one of the best of the resort hotels in Florida, and it is worth the time of any tourist to go there, if only to see it. Others may be fine, but there is no more substantial or attractive hotel in the Land of Flowers.

It is too bad that any one interceded in the Jap-Russian war in behalf of such a man as the Czar of Russia. It is a great thing for a nation or its president to settle a quarrel between civilized contestants, or sane persons, but the domineering conduct of the Czar of Russia since he was dragged out of the fire, is worse than ever. The conceited coward thinks he whipped the Japs, when he never won one engagement. This is not the age for such as he is, and if he should ever get into another war he will not have many to help him out.

LOOKING FOR HOMES.

Many people in the North and Northwest are wearying of the severe cold that lingers around those portions of the United States, and are coming South where the snow does not interfere with their farm work, and where they do not have to toil half the year to make enough money to live on the other half.

Two classes are desired in Florida: The farmer and the capitalist.

There is ample room for many good farmers in all portions of this State, where they can raise nearly every crop desired for the market, and where a good living can be made on a small tract of land. The prices asked for good farming lands are within the reach of nearly everyone. In speaking on this subject a well-informed gentleman stated to a Times-Union reporter a few days ago:

"This State has the greatest advantages for stock-raising and offers the finest opportunities for cattle, sheep and hog raisers. The great variety and luxuriance of the grass, cassava and velvet beans in the Southern part of Florida, the supply of pure water, the mild climate, makes stock-raising easier and cheaper than in the West and Northwest.

"Florida has no superior as a fruit State. It has all the advantages of climate, atmosphere, and everything to grow the best oranges, peaches, pears, grapefruit, pecans, all berries and other fruits. There are no better openings anywhere for farmers than to start orchards and vineyards in Florida.

"There are the best advantages for truck farming. The lands are adapted to potatoes, corn, beans, peas, cabbage, onions, celery, lettuce and other vegetables and small fruits are found in every section of the State. Several crops may be raised from the same land in one year. Trucking is especially profitable."

Let the people be on the lookout for these homeseekers who will visit the South this winter; treat them right and show them the best lands, and Florida will secure a class of citizens that will be a credit to any State.

We want industrious farmers and they are anxious to come here. Now is the time to get them—when the "homeseekers come."

For the capitalist there are many opportunities in all branches of manufacture.

BAD HABITS OF THE OLD.

Something should be done to put a stop to this "pernicious" talk of our centenarians. Now here comes, among the latest, Daniel Kelleher of Wilmington, Del., who has just passed away at the age of 105 years, but who, before his death, declared that he had used tobacco and liquor all his life, the latter in moderate quantities but regularly. He smoked three plugs of tobacco a week, and a local statistician figured out that in the course of his life he had smoked no less than 17,883 feet of the pernicious weed. Another deplorable feature of his statement is his assertion that he never swore off.

Something should be done to prevent our centenarians from talking or writing for publication. They are doing more than any other class to create a lack of confidence in the opinions of the intellectual but delicate people who are striving to teach us how to live.

Pasco county is among the latest to join the "dry" column in Florida. In an election held last week the "drys" carried the day by an overwhelming majority. The county voted dry once before, but the election was set aside in the courts. This time it is claimed that the election was conducted so that the will of the people will be heeded.—The Tampa Herald.

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.

FORESTRY IN THE SOUTH.

The efforts of the United States Department of Agriculture to induce the Southern States to adopt some intelligent system that would save their forests and assure an annual revenue from them instead of pursuing the wasteful policy of the West is meeting with approval thoughout this section. The matter has been taken up, not only by the forestry bureaus of the several States, but by the railroads, magazines, etc.

The Southern Railway, for instance, in its publication, The Southern Field, points out the great economic value to the South of its woodlands, if they be intelligently and properly utilized; and it points out the wasteful methods that have heretofore prevailed. Lumbermen invariably cut the most valuable trees first, leaving the poorest species to restock the land; much of the logging of the South has been very wasteful of the timber handled; and there has been almost no regard for the young growing timber which forms the nucleus of future forests. Finally, there has been extreme recklessness with fire in the forests. But there has been a growing realization of the seriousness of such waste, and the Southern Railway is doing its utmost to encourage ordinary business prudence on the part of land owners and mill operators to insure the perpetuation of the great timber resources.

Along the lines of railway there is already a scarcity of good timber for the uses to which they may put it, and if the interest of the people can be aroused there may be much done to save the indiscriminate slaughter that is now going on.

Two thousand butchers from all over the German Empire, assembled in convention at Berlin, have adopted resolutions which declare that a sufficient number of cattle to meet the demand are not obtainable in that country, and asking that the tariff bars be let down in order that a meat famine may be avoided. Such action on the part of the German government would be very much to the liking of the American farmers, who can always be relied on to have a supply of cattle for sale, and who are not averse to reaping advantages of increased market facilities.

BAD BREATH

"For months I had great trouble with my stomach and used all kinds of medicines. My tongue has been actually as green as grass, my breath having a bad odor. Two weeks ago a friend recommended Cascarets and after using them I can willingly and cheerfully say that they have entirely cured me. Therefore let you know that I shall recommend them to any one suffering from such troubles." Chas. H. Halpern, 114 E. 7th St., New York, N. Y.

ton, Oct. 31.—A dispatch to a agency from Gorama, Spain, at the Spanish armored cruiser l Cisneros foundered off Villa today after striking a rock. rd the vessel were saved.

SUIT CASE MYSTERY UNRAVELED

Murdered Girl Was a Chorus Singer. Man Held for Crime.

Boston, Oct. 31.—That the dismembered body found in a suit case at Winthrop on Sept. 21 is that of Susan Geary, of Cambridge, is the belief of the girl's family and friends and of the Boston police department.

Miss Geary, who was the daughter of Mr. and Mrs. J. D Geary, was a chorus girl of the "Shepherd King" company, and was known on the stage as Ethel Durrell. She was 21 years old.

Mrs. Geary identified three rings taken from the right hand found in the second dress suit case picked up near the new Charlestown bridge on Friday last as those worn by her daughter when she absented herself from the theatrical company on Sept 11. Confirmation of Miss Geary's disappearance from the company came from Morris Nathan, secretary to the manager of the company and to whom Miss Geary was engaged. Mr. Nathan is now in Pittsburg, Pa. According to Nathan, Miss Geary parted from him on the best of terms th eday after the company closed its last engagement in this city and he supposed, he said, that he would see her at the next performance in Lowell on the following day.

Man Arrested in Pittsburg

Pittsburg, Pa., Oct. 31.—After a long and searching examination at police headquarters, Morris Nathan, secretary to the manager of the "Shepherd King" company, was held on a charge of murdering his sweetheart Miss Susan Geary, the victim of the Winthrop suit case mystery, which has been puzzling the Boston authorities for more than a month.

SIX OFFICIALS LOSE LIVES.

Mine Bosses Enter Burning Mine on a Tour of Inspection.

Pittsburg, Pa., Oct. 31.—Five minor officials of the Pittsburg and Westmoreland Coal company gave up their lives when they entered the Hazel Kirk mine No. 1, of the company, at Hazel Kirk, Pa., 18 miles east of this city, to ascertain if a portion of the mine was still burning, as a result of an explosion two weeks ago. The dead are:

John Hornical, superintendent.
Daniel Griffith, foreman.
Joseph Hunter.
John Lavyn, fire boss.
Henry Clayborne, fire boss.

All were married, with large families, and were men of considerable means.

As the five men approached the portion of the mine which was burning they became aware that the water had not extinguished the blaze. They decided to tear down the bulkhead erected to confine the fire to one story of the mine. Just as the covering was removed there was a terrific explosion, and the five men were blown in different directions, all being instantly killed. Andrew Roder was so badly burned he died several hours later.

Immigration Conference.

Chattanooga, Tenn., Oct. 31.—Already there is evidence to show that the southern immigration and quarantine conference, which is to be held in this city on Nov. 9 and 10, will be the most representative meeting ever held in the southern states. Practically every invitation issued has been accepted and various other delegates, for whom provision was not made in in the original call, are anxious for representation. This is occasioned by the importance of the questions to be considered and the fact that the general sentiment throughout the south, both on the questions of encouraging immigration to this section and the national control of the quarantine is by no means unanimous.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Matador Loose His Life.

Chicago, Oct. 31.—A Tribune dispatch from the City of Mexico says that Joaquin Hernandez was gored by the third bull yesterday, the horn penetrating his body. After falling to the ground he was again gored in the right side. Physicians declare the wounds fatal. Saturday the matador received a cablegram from Silvia announcing the death of his father. He endeavored to secure a release from the the contract to fight the bull, but the management refused to comply.

The Hospital

Thankful are They Who Escape The Surgeon's Knife

Thousands of surgical operations are performed every year in our great city hospitals upon women afflicted with serious female troubles. Sometimes the operations are successful—oftentimes they are not.

It is safe to say that certainly nine out of ten operations for female troubles might have been wholly avoided.

The most valuable tonic and re-builder of the female organism, the medicine with a record of thousands of cases literally snatched from the operating table, is

Lydia E. Pinkham's Vegetable Compound

Do not consent to an operation which may mean death until after you have given Lydia E. Pinkham's Vegetable Compound a fair trial. Note what it did for Mrs. Paul Oliver, whose letter follows:

DEAR MRS. PINKHAM:—I was suffering from pains in my side and womb. The doctors said to get well I must have an operation performed, but I would not consent to that.

I heard of Lydia E. Pinkham's Vegetable Compound and sent for a bottle; the first dose did me good, and after taking the first bottle I could sleep all right and I did not have those pains around my womb which I had all the time before. Now I can ride ten miles in a carriage, my color has returned, and I am full of life. I owe all this to the Vegetable Compound.

It has also done wonders for my thirteen-year-old daughter. I will never cease to praise it and recommend it to my friends.

MRS. PAUL OLIVER, St. Martinsville, La.

Thousands of women, residing in every city and town in the United States, bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills and creates radiant, buoyant female health. For your own sake try it.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

Mining Engineer Murdered.

San Francisco, Oct. 31.—Passengers arriving on the steamer City of Topeka from the Mexican coast bring a story of the death of John O'Shea, an American mining engineer who was murdered recently while on his way from Hermosillo, the capital of Sonora, to the mine in the interior of that state. Mr. O'Shea was formerly identified with mining in this state. He sailed several weeks ago for Guaymas and on reaching Hermosillo engaged a Mexican native servant to guide him to the mines in the interior. When only 40 miles out of Hermosillo according to the story brought by the City of Topeka, O'Shea was shot in the back by his Mexican guide. His body was found by travelers and taken to Hermosillo.

Best Liniment on Earth.

Henry D. Baldwin, Superintendent City Waterworks, Shullsburg, Wis., writes: "I have tried many kinds of liniments, but I have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c and $1. Sold by W. W. Johnson.

Poisoned by Locust Tree Bark.

Burlington, Vt., Oct. 31.—Two more girls at St. John Orphans' asylum became ill yesterday from poisoning which caused the death of three last week. Yesterday's victims were seized with violent convulsions. The physicians said that the children's illness was due to eating the bark and leaves of locust trees, which are plentiful in the asylum yard.

Neuralgia Pains.

Rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bones, and being absorbed into the blood its healing properties are conveyed to every part of the body, and effect some wonderful cures. 25c, 50c and $1. Sold by W. W. Johnson.

THE MOCKING BIRD.

He Is the Most Versatile of All the Woodland Choir.

Early explorers of America carried back with them to Europe stories of a bird which sang more sweetly than the nightingale.

It was the southern mocker heard in the clearings and along the green banks of the water courses which chained the attention of the music loving Spaniard. The mocking bird sings as sweetly today as it sang when De Soto, journeying westward, listened all the way to its music.

Ever since the day when its notes were first heard by the ears of the pioneers the human singers have been trying to catch the inspiration of the mocker's song and to do it justice in poetry. The human singers never fully have succeeded. The mocker is the most versatile of all the woodland choir. He can, if he will, touch harshness, as he touches harmony, and at times the admiration of the listener is more for the bird's variety than for its melody.

No mocking bird in all the range of its performance ever equaled in pure music the hymnlike notes of the hermit thrush, but yet the mocker is by far the greater, if not the more appealing, singer. When the bird confines itself to the notes which are its own by birthright—its native notes, as it were—there is a trace of nothing save an exalting measure. The bird, however, is a born borrower, and to that with which nature has endowed it there are constantly being added the belongings of others.

It is interesting to read the accounts of the mocking birds' songs as set down by the early ornithologists. Audubon, Wilson and Nuttall listened to the mocker and were in turn moved to sing, even though they did their singing in prose. Some of the fathers of bird science in America nearly exhausted the supply of adjectives in the English language in their endeavor to give their readers adequate description of the song of the mocking bird. One solo heard amid the surroundings of a southern spring drives from the memory all thoughts of human praise of the bird's voice, and the song itself remains to take their place.

There is a luxuriance in the singing of the mocker, and the proper setting for the song is the warmth and luxuriance of the south. The bird, however, does not entirely neglect the music lovers of the north. It sings and nests occasionally as far north as Illinois and Massachusetts, and in the northward passage it loses nothing of sweetness from its song.

Some years ago the Audubon societies of the northern states began to receive letters from the women of the southland telling of the gradual disappearance of the mocker from localities where once its song had been heard from every tree and thicket. The letters told of the robbing of the nests of the birds in order that the young might be sold in the great northern cities.

The Audubon societies took up the plea of the southern women that the traffic in the mockers might be stopped, and they succeeded in a large measure in putting an end to the sale of the songsters in the northern markets. The songs of a mocking bird caged and of a mocking bird at liberty are as different as are the spirits of slavery and of freedom.

It would be a task of days to give adequate information of all that has been written concerning the song of the southern mocking bird. Paul Hamilton Hayne lived with the bird, and he caught the ecstasy of its song. William Henry Timrod, like Hayne, a southern singer, also caught the inspiration of the bird's note. The southern poets, as would seem both natural and right, have caught best the fine frenzy of this singer of the southern forests.—Chicago Post.

A Lovable Friend.

A book is a lovable friend. It is responsive to every mood. It never finds fault. It never scolds. Teaches without hard words or anger. It reveals everything to you when you are in a thoroughly inquiring frame of mind. When you are mystical it puzzles you just enough to satisfy the "digging bent" of your nature at that particular moment. If you grow tired and put it aside unceremoniously, it never reproaches but greets you more cheerfully the next time and offers you the best it has and tries again to cater to your best impulses. When you wish to visit the ruins of antiquity it guides you all the way. You may travel through ancient Rome and view her fallen splendors. You may talk with Marie Antoinette or enjoy the society of Queen Elizabeth. You may feast with the great or sympathize with the poor. You may do all this when you will, with whom you will and as you will. Truly, as has been said, "What a lovable friend a book is."—Exchange.

Worm Destroyer.

White's Cream Vermifuge not only kills worms, but removes the mucous and slime in which they build their nests; it brings, and quickly, a healthy condition of the body, where worms cannot exist. Sold by W. M. Johnson.

DIETARY STANDARDS.

What Observation Indicates to Be the Average Man's Daily Food Need.

Accepting the daily dietary standards which are based upon observations as to what people are accustomed to consume, it is plain that the average man doing from light to moderate muscular work must take each day approximately 116 grams of proteid matter (18 grams of nitrogen), with sufficient fat and carbohydrate to yield a total fuel value of 3,050 large calories. The usual proportion of carbohydrate (mostly starchy food) is about 500 grams to 50-60 grams of fat. In other words, the average man needs, according to the above hypothesis, approximately 120 grams of proteid, 500 grams of carbohydrate and 60 grams of fat for his daily ration. In order to obtain these amounts of nutrients he would require per day three-fourths of a pound of ordinary roast beef, one pound of boiled potato, one-half pound of white bread and one-fourth of a pound of butter. Naturally much greater variety of food might be adopted with the same nutritive values as the above, but these figures will suffice to give some impression of the quantities of ordinary cooked foodstuffs required to yield the nitrogen and the total fuel value called for by the above standard dietary.

A more elaborate diet, one in large measure free from meat and having essentially the same content of nitrogen and with a total fuel value of approximately 3,000 calories, would be as follows: Fried hominy, six ounces; sirup, three ounces; baked potato, eight ounces; butter, one and one-half ounces; baked spaghetti, ten ounces; mashed potato, ten ounces; boiled turnip, six ounces; bread, two ounces; apple sauce, eight ounces; apple tapioca pudding, twelve ounces; fried sweet potato, eight ounces; fried bacon, one ounce; fruit jam, four ounces; coffee, one and one-half pints, and tea, three-fourths of a pint. Such a diet, owing to its vegetable nature and lack of concentration, is naturally quite voluminous. A greater concentration of diet is easily obtained by replacement of a portion of the vegetable matter by meat, and this the ordinary man, with his highly developed palate, usually prefers to do because of the increased flavor which his acquired taste now calls for. Further, the resources at the command of the civilized man render possible great variety in matters of diet, but whatever the character of the daily food or however great the number and variety of the ingredients it will be found that the nitrogen content and fuel value of the daily food of mankind will in general correspond in large measure to the dietary standards usually adopted throughout the civilized world.—Russell H. Chittenden in Century.

The Kind You Have Always Bought

Bears the Signature of Chas. H. Fletcher

Dirty Washing.

Natives of Morocco think that Europeans and Americans are dirty. The habit to which they object is that of washing the hands or face in a basin and, still more, taking a bath where the water is not running. The cleaner the bather becomes, they say, the dirtier the water he is washing with must necessarily become. And eventually the bather steps forth as cleansed from water which is no longer clean.

Her Sick Friend.

Mamma—Ethel, where have you been all this time? Ethel—Sitting up with a sick friend. Mamma—Nonsense! I believe you've been in the parlor all evening with that Mr. Softleigh. Ethel—Well, ma, he's lovesick.—Philadelphia Ledger.

Constipation.

Health is absolutely impossible if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. O. A. Lindsay, P. M., Bronson, Fla., writes, Feb. 12, 1902: "Having used Herbine, I find it a fine medicine for constipation." 50c a bottle. Sold by W. M. Johnson.

Instead of being ... off from the fist as soon as a ... magpie is found in a suitable ...he hawks, one at a time, are put ...wing before any quarry at all ...ght. The falconer has satisfied ... that a partridge or a covey is ...ng or running somewhere not ... front of him, and the hawk, ...r by long practice what is ex... of him, mounts steadily, often ...ry great height, and then circles ... waiting until the man below ...rushed the game, when he comes down with almost incredible speed in a long stoop, which often, indeed, misses its mark, but, if the hawk is a good one, often succeeds. All peregrines can be used for partridge hawking, whether they are of one sex or the other and whether they have been taken as eyesses from the aerie or have been captured in the adult state in Holland and already used in the spring for rooks or magpies.

Partridges may also be taken with goshawks when these are exceptionally quick on the wing, but in their case the flight is more or less of a stern chase, with none of those lightninglike descents from out of the sky which are considered the chief merit of the flight with the nobler falcons. The quarry for which the female goshawk is most suitable and most often used is ground game, either rabbits or hares. This kind of hawk, like the sparrow hawk, can be flown a great many times in succession on the same day, and quite a big bag of rabbits has been made with even one goshawk when in first rate fettle. But it requires an unusually strong and bold one to tackle and hold on to so large and vigorous an animal as a full grown down hare of the Wiltshire plain.

September sees also in full swing the campaign with the two kinds of small hawks which are now trained for the field. Of these the sparrow hawk is the larger and the more difficult to reclaim and keep in condition. Both sexes are usually employed at blackbirds, although no bird of about the same size seems to come much amiss to them, and they can be flown at several sorts of quarry in the same day, whereas the long winged hawks, and especially eyess peregrines, should be kept exclusively—at least in any one season of the year—at one flight. The female sparrow hawk is usually very much bigger than her brothers, and occasionally one will be found so strong and courageous as to be able to take a few partridges in the early part of the game season.

The mode of flying is very similar to that of the goshawk, and each of these "short winged" hawks is more properly trained to come back to the fist after unsuccessful flights instead of being brought back to the "lure," like the high flying falcons. In the pursuit of blackbirds, as in that of the magpie, the beaters have a great deal to do with the success of the operations in finding and dislodging the cunning quarry when he has got to shelter in a hedge or bush. Blackbirds can also be taken by merlins of both sexes, and the flight presents no great differences from that in which the larger hawk is employed.

Many other small birds can be taken by merlins, although many are too fast of flight and too tricky to be overtaken by any hawk that flies. The wheatear, which may sometimes be found on the downs in a tolerably open spot, is notable for his trickiness, and it will take a very good merlin or even a cast of them to touch him. But the best quarry for merlins are those birds which take the air and go up in spiral rings with a view to keeping all the time above the pursuing hawk or hawks. In this case the merlins employed must be in the pink of condition. Often they have to fly miles, ringing upward all the time, before they can even get above their quarry, and then they must begin a long series of stoops, each made with the utmost energy and skill, before either of them aims a stroke which finishes the well matched contest or until the fugitive has saved himself in some one of the many refuges which are big and thick enough to shield him from further pursuit.

There are, of course, other counties besides Wiltshire where hawks are flown, and there are many other quarries besides those mentioned. There are, for instance, the flight at grouse and the very fine and difficult flights at gulls. But the very existence of falconry in England is menaced with speedy extinction by the mania for destroying all of the rarer birds. And those who wish to see it in actual practice must make haste or they will be too late.

The Soul.

The clairvoyants are almost unanimous in the opinion that the soul is a bipartite "something" having two seats in the human tabernacle—one in the heart and the other in the brain. The spiritualists say that in the case of a dying person the soul or spirit leaves its earthly envelope at the top of the head, appearing as a vapor which slowly assumes the form of the person who is expiring. The spiritualistic portrait of the dying person appears to not only be attached to the head of the person who is fast becoming a corpse, but seems to be also fastened in the region directly over the heart by a fluidic ligament, which is severed at the instant that the "ghost man" leaves the head. These two opinions, one by an eminent American spiritualist, the other by a German clairvoyant, seem to strangely coincide in the opinion that the soul has a seat in both the brain and the heart. —St. Louis Republic.

Posted.

Mrs. De Style—Bridget, will you please hang up my skirt and jacket? The Maid—Yis, mum. Shall I git two tickets on 'em, or only wan fr th' two of 'em?—Cleveland Leader.

Phillip Cremup of Lakeland was among those who visited Gainesville on business yesterday.

O. L. Feaster of Micanopy was among the prominent visitors to the county capital yesterday.

Harris S. Durkee of Jacksonville was in the city yesterday and made The Sun an agreeable call.

Compositor Wanted—Good, steady compositor can obtain a permanent situation by applying at this office.

W. D. Morton of Eva, a progressive and successful truck grower of that section, was in the city yesterday.

Nicely furnished room for rent. No cooking. Apply on premises, 208 E. Liberty street, or at this office. tf

Turpentine leases for sale at this office, 50c per dozen. $3 per hundred. Cash must accompany order. dawtf

Col. John B. Dell and Dr. Wilbur Lassiter left yesterday for Alachua, where they will enjoy a few days' hunt.

G. W. Harrison, one of the sturdy farmers of Hague, was in town yesterday and renewed his subscription to The Sun.

For Sale—Two and one-half acre lot in West Gainesville, near the University grounds. Mrs. Kate S. Britt, Central, Fla. 3t

D. T. English of Tacoma, J. G. Peace of Micanopy and R. J. Miller of Lake Butler formed a trio of visitors to this city yesterday.

Today being All Saints Day there will be a celebration of Holy Communion at Holy Trinity Church this morning at 9 o'clock.

Hiram Wright, an energetic colored citizen of Archer and an old friend of The Sun, was in the city Monday and renewed his subscription.

Fine exchange offer for old Victor records. Write to Metropolitan Talking Machine Co., 328 Main street, Jacksonville, Fla. Catalogues free.

Our restaurant will open today. 105 East Main street S. Oysters and other special orders in first-class style. Regular meals. Weston & Rutherford.

N. A. Callison of Spring Park Farm, Bennington, was in the city yesterday. Mr. Callison is busy preparing to get his stock exhibit off to the State Fair.

Mrs. J. W. McDowell and her interesting little daughter of Newberry are now residing in the city, and are pleasantly located at the home of Mrs. Annie Brown, West Main street, N.

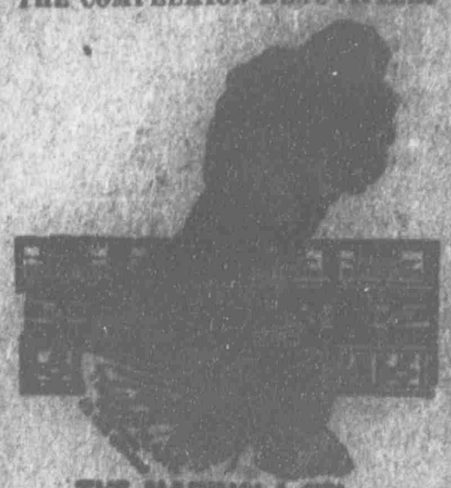
Mrs. Carrie D. Pattee has returned from Boston and other points in the East, where she has been sojourning for her health for the past few months. Friends will be glad to learn that her health is greatly improved.

O. Brinkley of Cyril, senior member of the firm of Brinkley & Baines, manufacturers of lumber, was in the city yesterday. Mr. Brinkley also owns extensive properties in Jacksonville, and was en route home from that city.

TO REMOVE FRECKLES AND PIMPLES in 10 Days, use

NADINOLA

THE COMPLEXION BEAUTIFIER.



THE NADINOLA GIRL

(Formerly advertised and sold as ...SATINOLA...)

No change in formula or package. The name only has been changed to avoid confusion, as we cannot afford to have so valuable preparation confused with any other).

NADINOLA is guaranteed, and money will be refunded in every case where it fails to remove freckles, pimples, liver-spots, collar discolorations, black-heads, disfiguring eruptions, etc. The worst cases in 30 days. Leaves the skin clear, soft, healthy, and restores the beauty of youth.

Price 50 cents and $1.00. Sold in each city by all leading druggists, or by mail.

PREPARED ONLY BY

National Toilet Co., Paris, Tenn.

Sold in Gainesville by J. S. Bodiford & Co. and J. W. McCollum & Co.

The fact that Blue Ribbon lemon and vanilla extracts please everybody, every time, everywhere prove they are the "best ever made."

Hon. W. M. Holloway, State Superintendent of Public Instruction, has returned to his home, after a brief but pleasant visit with his old friends here.

W. I. Wright and L. Herring of Ingold, N. C., who have been visiting the family of A. J. Vidal for the past few days, left yesterday for a tour of South Florida.

Warranty deed and mortgage blanks for sale at this office, the form used in Alachua county which saves money in recording. 62 per hundred or 80c per dozen by mail. Cash must accompany order. dawtf

Among the visitors to this city yesterday was Hon. M. L. McKinney of Lake Butler, ex-State Senator from Bradford county. Senator McKinney has many friends in this city who were glad to see him.

Cotton Mather of Hamilton, O., is registered at the Brown House. Mr. Mather is one of the oldest and most widely known traveling men in this State, having been a regular visitor for many years. His friends are always glad to see him.

Mrs. H. H. McCreary tendered a lawn party to her Sunday school class Saturday afternoon in honor of Misses Winnifred Pedrick and Margaret Merchant having recited from memory the Shorter catechism. Elegant refreshments were served and the afternoon passed in a most enjoyable way.

E. H. Sturgeon, the clever representative of the Consolidated Grocery Co. of Jacksonville, is in the city. Mr. Sturgeon is an "old timer" in this territory. He has been absent for some time, however, having been transferred to another field, but he is gladly welcomed to his old "forage" again.

The Sun stated yesterday that Dr. Spanklin of Baltimore, a famous veterinarian, and the head of the Baltimore Veterinarian College, had arrived in the city and would spend a month. This was an error. Dr. Spanklin expects to come, and expects to remain a month or longer, but will not arrive until some time in December.

READ THIS.

CLARKSVILLE, TENN., June 6, 1901.

Dr. E. W. Hall, St. Louis, Mo.: Dear Doctor—It is with pleasure that I recommend your Texas Wonder for kidney and bladder troubles, as my wife and myself have both used it and experienced wonderful relief from its use. CHAS. W. BERRY.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Erastus W. Hall, sole manufacturer, P. O. box 818, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Frank Aldrich and family of Westmoreland, N. H., have arrived in the city and will make their future home here. Mr. Aldrich was so impressed with Gainesville that he purchased the Browne house, East Masonic street, where he and his family will be pleasantly located. They will be gladly welcomed by the people of Gainesville.

John Fitzpatrick, formerly employed by the Kelley Lumber Company of Prairie Creek, where he remained for several years, is now in New York, where he is employed as a conductor of the Metropolitan Street Railway Company, and is regarded as one of the most reliable and efficient employes in the motor department of that great corporation.

See my samples for men's fall and winter suits; over 500 to select from. Prices the lowest, styles the latest, workmanship the best. We make suits to measure for $7.50 and up. Satisfaction guaranteed or money refunded. Have also on hand a stock of sheet music. Can furnish all late and popular pieces. C. F. Dorman, at Harper & Chase's music store. dim

There is just barely time for you to get an advertisement in the Industrial Edition of The Sun, as the issue goes to press during the present week. To miss using it is to miss the opportunity to talk to one hundred thousand people. Our solicitor is through with his canvass of Gainesville and Alachua county, and if you wish to advertise in it you must consult the business department of The Sun.

Among the prominent visitors to this city yesterday were John W. Morgan and N. B. Hull of Starke. They had read in The Sun of the fact that Geo. W. Hyde was closing out his store, and came to arrange for the purchase of his store fixtures. They succeeded in securing the show cases in the millinery department, as well as several "silent salesmen" show cases, and will take them away within the next two or three days.

Major John W. Tench, county manager of exhibits for the Florida State Fair to be held at Tampa for fifteen days, beginning the 15th inst., deserves a great deal of credit for the work he has accomplished in this direction since his connection with the County Fair Association. Major Tench has been kept constantly engaged, and has visited every section of the county. He has kept his whole heart and soul in the work, with the result that Alachua county will have one of the best and most modern exhibits at the Fair.

New York Racket

Cheapest Store on Earth.

The Greatest Values of the Season ....

Can now be seen at the New York Racket. The mammoth stock our buyer bought in the markets of the East has arrived, and we have been taxed to the limit in getting the same in shape for the past two weeks, but we are now ready for the rush. Our store has been crowded in the past because of the matchless values we have always given our customers, and we are prepared to even do better than in the past on many items. Our Dress Goods department has a better selection than ever before and the prices are the lowest.

The "Dixie Girl" Shoe is the Best .....

For the price that has ever been shown in the city.

Our Clothing Department for Men and Boys ....

Is strictly up-to-date and our prices are lower than you can find.

Beautiful Line of Ladies' Capes and Jackets ....

The kind that fit and look pretty and wear well at low prices.

FURNITURE ...

Just received a big line of Odd Dressers and Hat Racks, which will be sold at low prices. Try a Red Cross Cotton Felt Mattress—the finest Mattress made—and a Blue Ribbon Spring and we will guarantee a good night's rest.

PHIFER BROS.,

Phifer's Corner, Gainesville, Fla.

We are in a position to furnish first-class bean, cake and lettuce hampers, also cabbage and cantaloupe crates promptly at reasonable prices, and guarantee prompt shipment on all contracts. Ship on either A. C. L. or S. A. L. railroads. Williston Manufacturing Co., Williston, Fla. dawtf

On account of the annual meeting of the Southern Educational Association, which meets at Nashville, Tenn., November 22-25, the Atlantic Coast Line Railway has arranged to sell tickets at one first-class fare plus twenty-five cents for the round trip. These tickets will be on sale November 20th and 21st; final limit of same will be November 30th. For full information or sleeping car reservations see Atlantic Coast Line agents or write Frank C. Boylston, District Passenger Agent, Jacksonville, Florida.

The friends of Mr. and Mrs. O. W. Park, of the Park Stock Company, who are here for the week, regretted very much that their charming little daughter, Miss May, did not accompany them here this season. Little Miss May on her visit with the Park Company last season proved herself very efficient in the profession of an actress, and was greatly admired for her efficiency. Many would have been glad to have seen her here again, so that they might renew old friendship, but Miss May is now attending college in Pennsylvania.

On account of the Southern Conference on Immigration and Quarantine, which meets at Chattanooga, Tenn., November 8th and 10th, the Atlantic Coast Line Railway has arranged to sell tickets at one first-class fare plus twenty-five cents for the round trip. These tickets will be on sale November 8th and 9th; final limit of same will be November 15th, prior to midnight of which passengers must reach original starting point. For full information or sleeping car reservations see Atlantic Coast Line agents or write Frank C. Boylston, District Passenger Agent, Jacksonville, Fla.

Friends of A. P. Entenza of Michigan, founder of the El Toney cigar factory, Waldo, will be pleased to learn that he has decided to enlarge the plant, and will make his home in Florida in future. Mr. Entenza is a son of the late M. Entenza, former manager of the factory, and brother of John P. Entenza, who has managed the business since the death of his father. Mr. Entenza, who was born and partially reared in Alachua county, is a young man full of energy and push, and is bound to make a good thing financially out of the enterprise. He has been residing in Michigan for the past few years.

At the Tent Show.

The big Park Company entertained another good crowd at the big theatrical tent last night, presenting that thrilling drama entitled "In Darkest Russia."

The characters were well represented, and the play went to show the great tyrrany of Russian noblemen. The play was full of excitement and interest, and was a true and touching allusion to what has been and is now transpiring in that empire, showing the great difference in slavery and monarchy.

The company will present tonight, "The Shamrock," and it is needless to add that a full house will greet them.

The Park aggregation is one of the best and cleverest that ever visited Gainesville, and they have made many friends here in both a professional and social way.

Will Build New House.

In order to keep apace with the rapidly growing conditions and the energetic sentiment of the city, Dr. J. H. Alderman will begin within the next few days, as soon as the material can be delivered upon the ground, the erection of a handsome six-room cottage on the lot recently purchased, immediately east of the home now occupied by himself and family.

Dr. Alderman has a great deal of confidence in the future of Gainesville, as has been demonstrated in a number of purchases of real estate he has made recently.

Hunting Season Opens.

The hunting season opens today, and there is no doubt but that the woods and fields will be full of sportsmen. It will be well to remember that the law, as amended and passed by the last Legislature, provides that not more than twenty birds shall be killed by one gun, nor more than forty birds by one hunting party, regardless of number, in one day.

Tie choppers wanted at 14 cents per tie. J. D. Barron, Jr., Wacasa, Fla.

Drip Coffee Western Meats
Service Unexcelled.

OPEN EARLY AND LATE

GULF HAMMOCK HOTEL,

GULF HAMMOCK, FLA.

Paradise for Hunting and Fishing

This hotel is under new management and will open October 1st, 1905, for the winter. Best accommodations. Fine hunting, including deer, turkey and small game. Excellent fishing and boats for accommodation of guests. Guides for hunting and fishing parties.

For rates and accommodations address MRS. LOULA THOMAS, Proprietress, GULF HAMMOCK, LEVY CO., FLA.

Keep Your Head Clear

And your stomach free from indigestion if you would be happy with your family and your fellow-man.

The surest thing on earth to get a man's system "out of whack" is heavy, soggy bread, which is caused by several reasons. First, the material may not be good; second, the cooking may be poor. The best thing in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long suit" is knowing how to mix and bake it. Our bread does not cost any more than home-made, and in many instances it is so much more palatable.

KEYSTONE BAKERY,
